given in the Ministry of Finance O.M. No. F.8(4)-E.G.I/61 dated 15-3-1961 are as under :

(i) A super-numerary post is normally created to accommodate the lien of an r who in the opinion of the au-thority competent to create such a post is entitled to hold a lien against a regular permanent post but who, due to bility of a regular permanent psot. cannot have his lion against such a post.

(ii) It is a shadow post, i.e., no duties ba post. The officer ,whose lien is maintained against such a post generally performs duties in some other vacant temporary or permanent post.ft can be created only if another vacant permanent or temporary post is not available to provide work for the Person whose lien is retained by the creation of the super-numerary post. In other words, it should not be created in circumstances which, at the time of the creation of the post or thereafter, would lead to an excess of the working strength.'

(iv) It is always a permanent post. it is a post created for accommodating a permanent officer till he is in a regular permanent post, ii should not be created for an indefinite period as other permanent posts are, but should normally be err ed for a definite and fixeed period sufficient for the purpose in view.

(v) It is personal to the officer for whom it is created and no other offiecr can be appointed against such a post. It stands abolished as soon as the officer for whom it was created vacates it on account of retirement or confirma- . tion in' another regular permanent post or for any other reason. In other words, no officiating arrangements can be made against such a post since a super-numerary post *is* not a working post, the number of working posts in a cadre will continue to be regulated in a manner that if n permanent incumbent of one of the regular posts returns to the cadre and all the posts are manned, one of these officers of the cadre will have to make room for him. He should not be shown against a super-numerary post.

(vi) No extra financial commitment is involved in the creation of such posts in the shape of increased pay and allowance, pensionary benefits, etc.
